Section 7-736 (2) requires that "No permit for the erection of any building shall be issued unless a street or highway giving access to such proposed structure has been duly placed on the official map or plan, or if there be no official map or plan, unless such street or highway is (a) an existing state, county, town or village highway, or (b) a street shown upon a plat approved by the planning board as provided under the provisions of this article, as in effect at the time such plat was approved, or (c) a street on a plat duly filed and recorded in the office of the county clerk or register prior to the appointment of such planning board and the grant to such board of the power to approve plats." Sylvan Road satisfies this provision. Section 7-736(2) give authority to the Planning Board to determine that the street has been suitably Improved to their satisfaction.
